## ANIMAL

I'm feeling fine  
Late every night  
I'm feeling high  
Losing my mind

Even though I drank it all  
Even though I smoked it all  
Even though I danced it all  
I'm feeling, feeling

You know why I have darker eyes  
Chasing after life

Pollen stuck between my shoes and feet  
Running after time

Tears and sweat dripping down my eyes  
Falling behind

Feel like falling faster than  
Your fathers and your mothers  
You got hair in your face  
You're an animal  
You're an animal!

Even though I drank it all  
Even though I smoked it all  
Even though I danced it all  
I'm feeling, feeling

I know why there's past lives  
Evolving light

Feel like running faster than  
Your fathers and your mothers

You got hair in your face  
You're an animal  
You're an animal!

Even though I drank it all  
Even though I smoked it all  
Even though I danced it all  
I'm feeling, feeling

## MOONLIGHT

Many nights I've broken  
With too many thoughts running around my head  
Was it the moonlight  
Was it the night?

Lights above my head  
Formed a constellation overhead  
This way, this way to my heart  
This way, this way to my heart

Are you for real?  
But are you for real?

Memories unspoken  
Have I plucked all the leaves growing around my head?  
Was it the moonlight?  
Was it the night?

All the stars are falling  
Wishing you were laying down with me instead  
Was it the moonlight?  
Was it the night?

## FOOL

When your deepest thoughts  
Are meant to fall in mine  
Aren't you a perfect love?

I'll fool around  
I'll keep it in line  
Weren't you a perfect one?

When all your cards are stacked  
There's no one else around  
Don't call me when you're feeling down

I'll fool around  
I'll keep in line  
Weren't you a perfect one?

I see you now  
Shooting the light from above  
Why are you falling on the ground  
And all around...

When your deepest thoughts  
Are meant to fall in mine  
Aren't you a perfect love?

When all your cards are stacked  
There's no one else around  
Aren't you the fucked-up one

When your deepest thoughts  
Are meant to fall in mine

I'll fool around  
I'll keep in line  
Weren't you a fucked-up one?

## YOLANDA

Oh Yolanda  
Learned your real name today  
My mother's mother

Oh Yolanda  
Did you love me the same?  
Your eyes glowing with green

If you were here right now  
I'd be your toy  
Erasing all those moments I've ignored

If you were here right now  
I'd be your toy  
Erasing all those moments I've enjoyed

Oh heart  
Erasing all the parts and moving that light far  
From this joyous star

If you were here right now  
I'd be your toy  
Erasing all those moments I've ignored

Oh heart  
Oh Yolanda

## DAYS

Fall from grace  
With your head on the ground

Time away  
Your heart makes no sound

Amazing face  
Why am I fooling myself

I gave you everything, falling from love  
I'd give you everything, feet on the ground

Mind erased  
Your heart makes no sound

Troubled eyes  
Holding your hand to the sky

Running off  
Life is a planet destroyed

## CHANCE

There was a man headed back to land  
Waiting for a chance to see his lover again

The ocean came and washed his boat away  
Thought to himself  
"I'll see my love again"

My other half had become  
The changing waves of his broken heart

Moonlights on the water  
Where are you my love

Water is coming over  
Where are you my love
